I have been approached by Jared Esselman and Scott Romney, Utah State Division of Aeronautics, to help set up a meeting with the users of the Ogden Regional Airport. They wanted to schedule this meeting in the upcoming work week. We have scheduled the meeting for 12:00 pm (Noon) this Wednesday March 23, 2022 in the OGD Terminal Building.

Scott Romney | Workforce, Emergency, and Communications Manager

UDOT | Aeronautics Division

Cell: **801.660.0733**

scottromney@utah.gov

The OGD Meeting will be one of the first meeting of this type, conducted by the Utah State Division of Aeronautics. The purpose is to address the flying population of multiple airports to determine how the Aeronautics Division can help improve the experience at the various airports. This will be an open "town hall" open house type meeting and your participation is greatly appreciated.

Just to remind everyone, the Utah State Division of Aeronautics is also hosting:

Utah Aeronautics Conference 2022

May 9 – 11, 2022 Held in Provo, Utah

The Utah Aeronautics Division is pleased to announce the state's first-ever Aeronautics Conference. As the only event of its kind in Utah, this premier conference will bring together over 500 aviation professionals, state and local officials, mechanics, engineers, planners, and industry leaders to improve safety networks, share best practices and foster collaboration. Continuing education credits and certifications will be available.

The Utah Aeronautics Conference comes with many benefits, including opportunities to hear from nationally renowned keynote speakers, obtain cutting-edge training that offers continuing education credits, attend breakout sessions with subject-matter experts across the state, engage in networking during conference receptions, interact with new industry technologies, experience static displays at the Provo Airport, and much more. Registration includes all meals during the conference. This is an event you don't want to miss! Use the web address below to register.
