## **TEMPORARY FLIGHT RESTRICTIONS (TFR) AFFECTING THE OGDEN REGIONAL AIRPORT (OGD) IN CONJUNCTION WITH THE HAFB 2022 AIR SHOW**

The TFR information that I have been given is listed below:

**Wednesday 22nd of June** - Thunderbird #8's arrival. This is a single aircraft not requiring a TFR. Hill airspace will be closed ... 5NM circle at Hill SFC - 5,000' from 1300 to 1315 local time for the marker survey. Normal operations at Ogden Airport.

**Thursday 23rd of June** - all Thunderbirds arrive to do an orientation. TFR is in effect 5NM SFC-17,999' from 1230 to 1410 local time. The TFR has time added in case of slippage due to the aircraft not departing Hill. The flight is scheduled from 1300 to 1345. Ogden operations will have to be put on hold for those 45 minutes.

**Friday 24th of June to Sunday 26th of June** - Practice day and airshow. TFR in effect 5NM SFC-20,000' from 0900 to 1800 local time. The performers are currently scheduled from 0955 to 1635. Certain aircraft operations can occur at Ogden with proper coordination.

Please plan your OGD activities around this schedule.

**TWO WEEK CLOSURE FOR RUNWAY 17-35 TO TIE IN THE NEW WEST SIDE  
TAXIWAY FOXTROT**

Granite Construction is making great progress in constructing the new west side access road on 4000 South from the intersecting with 1900 West, in addition to the work on the new partial parallel Taxiway Foxtrot. Once the taxiway base is in place, Runway 17-35 will be closed to cut in the connecting taxiway to the runway. This work is scheduled to take 14 calendar days to complete. The closure is tentatively scheduled to begin on Wednesday June 15th at 6:00 a.m.

Runway 3-21 should remain open throughout this 14 day closure. Please call me if you have any questions or concerns about this closure.

You can find more information on our Ogden Airport webpage at:  
[www.flyogden.com](http://www.flyogden.com)
